

Directions for accessing and submitting proposals.

1. You must log into your account before you can access the call for papers. If you do not have an account, you will need to create one first.
2. After logging into your account, click the “Conference” tab near the top.

3. Once you are on the conference page, click “Submit papers for symposium.”

4. After completing the form, click the “Submit for Review” button at the bottom of the page.
